

# Biodiversity Fellowships at the University of British Columbia

Post-doctoral fellowships  
Graduate student fellowships  
Undergraduate summer fellowships

## Ecology Evolution Systematics

Biodiversity Research: Integrated Training and Education (BRITE)

A new NSERC CREATE Training Program

For more information visit [www.biodiversity.ubc.ca/BRITE](http://www.biodiversity.ubc.ca/BRITE)

### Open to **all nationalities**

The Biodiversity Research Centre at UBC in Vancouver, Canada, is a dynamic collection of internationally recognized researchers in ecology, evolution, and biological diversity. The Centre consists of members from a range of departments, including Botany, Zoology, Microbiology, Earth and Ocean Sciences, Forestry, and Fisheries. Students apply through the home department of their prospective supervisors.

the **BIODIVERSITY**  
RESEARCH CENTRE

funded by:  
**NSERC  
CRSNG**
